RE: Approval of the Glacial
Till/Vadose Zone Work Plan

Dear Mr. Craig:

The United States Environmental Protection Agency (U.S. EPA) has completed its review of the Responses to Comments (RTC) on the Glacial Till/Vadose Zone Hydraulic Investigations Work Plan. The RTC adequately addresses U.S. EPA's comments.

Therefore, U.S. EPA approves the Work Plan pending incorporation of the RTC and applicable changed pages into the Work Plan.

Please contact me at (312/FTS) 886-0992 if you have any questions.

Sincerely,

James A. Saric
Remedial Project Manager
